Education

Izmir Institute of Technology

Computer Engineering, undergraduate

2023 - 2027 (Expected Graduation)

- Year: Sophomore
-

Technical Skills

- **Programming Languages:** Python, Java, CSS, React, Node.js, Dart, Kotlin
 - **Databases:** SQL
 - **Other:** Object-oriented programming, web development, app development, networking
-

2 of my projects

VPN Session Reporter (Solo Project)

- Built a full-stack session reporting system for Palo Alto GlobalProtect VPN: a syslog adapter parses PAN-OS connect/disconnect logs, an API pairs and stores sessions in MariaDB, and a React dashboard shows who connected, when, and for how long.
- **Technologies Used:** Node.js/Express, React (Vite), MariaDB

Peek for the Visually Impaired (Group Project, 3 members)

- Built a Flutter mobile app that narrates a user's surroundings aloud: captures a photo or short video, sends it to Google's Gemini vision-language model, and reads back a concise scene description or answers a spoken follow-up question.
- Contributed across the stack: UI screens (camera capture, listening/conversation flow, gallery, settings) and the app's service layer (Gemini VLM integration, text-to-speech/speech-to-text pipeline, state management).

- Designed for accessibility: voice-driven interaction, haptic feedback, and audio-first navigation that does not rely on reading the screen.
 - **Technologies Used:** Flutter, Dart, Gemini API (vision-language model), speech-to-text, text-to-speech
 - **GitHub:** github.com/esarslan/peek
-

Experience

Bilgitürk Technology

Networking & Systems Intern

July 2026 - August 2026

- Rotated through switching and routing (VLANs, trunking, EtherChannel, OSPF on Cisco hardware), server infrastructure (Windows Server, Linux, virtualization, RAID, backups), and network security (FortiGate firewalls, IPsec-based domain isolation).

Yurt-Time Project

Team Member

September 2024 - December 2024

- Assisted in task organization and team coordination.
- Enhanced teamwork and time management skills.

Tourism:

July 2022

- Provided support in customer relations.
 - Strengthened communication skills.
-

Languages

- **Turkish:** Native, **English:** B2 (Upper-Intermediate), **German:** A2 (Beginner)
-

Additional Information

- Since November 2023 to 2025 November, I have been part of the youth executive committee team at the Urla Çağdaş Yaşamı Destekleme Association (ÇYDD). Our main role was to discuss the schedule of the events because most of our volunteers were university students. I have also participated in various social responsibility projects and contributed to organizational processes.
- **Hobbies:** Researching historical events and global geography, playing computer games, reading scientific articles, following technology trends, hiking, and cycling.
