

Çağatay Birgi

COMPUTER ENGINEERING BSc CANDIDATE

cagataybirgi@gmail.com | +90 545 727 11 77 | github.com/cagataybirgi

PROFILE

Computer Engineering BSc candidate with hands-on experience across networking and systems, full-stack development, and accessible mobile AI. Built a VPN session reporting platform and contributed to a Flutter/Gemini application designed for visually impaired users.

EDUCATION

İzmir Institute of Technology

2023 - 2027

Bachelor of Science in Computer Engineering

Fourth-year student | Expected graduation: 2027

TECHNICAL SKILLS

Programming: Python, Java, Dart, Kotlin; object-oriented programming

Web & Data: React, Node.js, Express, Vite, CSS, SQL, MariaDB

Mobile & AI: Flutter, Gemini API, speech-to-text, text-to-speech, state management

Networking & Systems: VLANs, trunking, EtherChannel, OSPF, Cisco hardware, Windows Server, Linux, virtualization, RAID, backups, FortiGate, IPsec

EXPERIENCE

Bilgitürk Technology

Jul 2026 - Aug 2026

Networking & Systems Intern

- Rotated through switching and routing topics, including VLANs, trunking, EtherChannel, and OSPF on Cisco hardware.
- Covered server infrastructure and network security across Windows Server, Linux, virtualization, RAID, backups, FortiGate firewalls, and IPsec-based domain isolation.

Yurt-Time Project

Sep 2024 - Dec 2024

Team Member

- Supported task planning and team coordination, strengthening collaboration and time-management skills.

Tourism Sector

Jul 2022

Customer Relations Support

- Supported customer relations in a tourism setting, strengthening communication and service skills.

SELECTED PROJECTS

VPN Session Reporter | Solo Project | GitHub

- Built a full-stack platform that parses Palo Alto GlobalProtect connect/disconnect logs, pairs VPN sessions in MariaDB, and visualizes user activity in a React dashboard.
- Implemented HMAC-signed event ingestion, scheduled email reports with PDF attachments, filtered Excel exports, and production deployment support.

Peek for the Visually Impaired | Group Project (3 members)

- Co-developed a Flutter app that captures photos or short video, sends media to Google's Gemini vision-language model, and narrates scene descriptions or answers spoken follow-up questions.
- Contributed camera, conversation, gallery, and settings screens; Gemini integration; speech-to-text/text-to-speech; state management; haptic feedback; and audio-first navigation.

LEADERSHIP & VOLUNTEERING

ÇYDD Urla

Nov 2023 - Nov 2025

Youth Executive Committee Member

- Coordinated event schedules for student volunteers and contributed to social responsibility projects and organizational processes.

KODLAMACA

2025 - 2026

Volunteer Coding Workshop Instructor

- Served as a volunteer instructor for coding workshops.

LANGUAGES & INTERESTS

Languages: Turkish (native) | English (B2, upper-intermediate) | German (A2, beginner)

Interests: Historical events, global geography, scientific articles, technology trends, hiking, cycling
